About

Computer Science graduate with experience in teaching, digital content creation, community management, stakeholder communication, and technical troubleshooting. Managed and grew an online community of 17K+ followers while developing strong skills in audience engagement, communication, and content creation. Experienced in teaching Mathematics and Physics, simplifying complex concepts for diverse learners, and communicating effectively with students, parents, and stakeholders. Also experienced in coordinating with teams, documenting processes, and translating technical issues into clear, actionable information. Seeking opportunities in Customer Success, Operations, Technical Support, Implementation, Business Development, or related roles..

Experience

Marketing and Fundraising Intern

2025

Pledge A Smile Foundation

Internship

- Supported outreach and donor communication efforts to promote the foundation's fundraising campaigns and mission.
- Drafted marketing content and messaging to engage prospective donors and community partners.
- Coordinated with internal teams to plan and execute fundraising initiatives, ensuring consistent messaging across channels.
- Built and maintained relationships with stakeholders to support long-term donor engagement.

Cloud Computing Trainee

Jan 2026 – Apr 2026

Tata STRIVE

New Delhi, India (On-site)

- Collaborated with cross-functional teams to troubleshoot and resolve technical issues, translating complex problems into clear, actionable updates for stakeholders.
- Documented processes and incident resolutions, improving clarity and knowledge-sharing across the team.
- Communicated status updates and technical findings to supervisors, strengthening reporting and coordination skills.
- Adapted quickly to a structured, fast-paced training environment while meeting deadlines and quality expectations.

Online Academic Coach

Ongoing

Independent – CBSE Grades 9–11 (Mathematics & Physics)

Remote

- Deliver one-on-one and group instruction to students, simplifying complex Mathematics and Physics concepts for varied learning levels.
- Build rapport with students and parents through regular, clear communication on progress and goals.
- Plan and structure lessons independently, demonstrating strong organization, patience, and public-speaking ability.

Content Creator & Community Manager

Ongoing

Independent Social Media Platform – 16K+ Followers (@rational_applepie)

Remote

- Grew and manage an engaged online community of over 16,000 followers through consistent, thoughtful content.
- Plan, write, and publish original content, developing strong skills in written communication and audience engagement.
- Respond to community discussions and feedback, building experience in public communication and reputation management.
